Investigation, design, construction, programming and commissioning.

DESCRIPTION

Sphere Systems upgraded the HVAC controls from Pneumatics to modern day Electronics. Featuring 18-stories of office spaces with onsite car parking, the central HVAC plant is intelligently controlled for Optimum Energy Efficiency.

Perimeter induction units and internal re-heat zones are controlled to provide an even temperature across each floor, offsetting the variable heat load from the glass windows.

OUR MISSION

EFFICIENT & INNOVATIVE, MANUFACTURING WITH QUALITY.

As a Building Management System services provider, we pioneer growth through dedicated customer service, innovative solutions, and collaborative partnerships, elevating building automation standards.
